DECLARATION - BD.R. 203(b)<sup>1</sup>

By TORCZON, *Administrative Patent Judge*.

A. DECLARATION OF INTERFERENCE

An interference is declared pursuant to 35 U.S.C. 135(a). Details of the application, patent, count, and claims designated as corresponding to the count appear under headings E and F.

---

<sup>1</sup> "Bd.R. x" may be used as shorthand for "37 C.F.R. § 41.x". 69 Fed. Reg. 49960, 49961 (12 Aug. 2004).

## B. DESIGNATION TO MANAGE

Administrative Patent Judge Richard Torczon has been designated to manage the interference. Bd. R. 104(a).

## C. STANDING ORDER

A copy of the Standing Order (SO, Paper 2) accompanies this declaration. The Standing Order applies to this contested case.

## D. CONFERENCE CALL TO SET DATES

A telephone conference call to set dates for action in this contested case is scheduled for 3 p.m. (Eastern) on 6 August 2008. (The Board will initiate the call.)

No later than 4 August 2008, each party shall file and serve (SO ¶¶ 10.1 & 105) a list of the motions (Bd. R. 120; Bd. R. 204; SO ¶¶ 104.2.1, 120 & 204) the party intends to file.

A sample schedule for taking action during the motion phase appears as Form 2 in the Standing Order. The parties are encouraged to discuss the schedule prior to the conference call and to agree on dates for taking action. A typical motion period lasts approximately eight (8) months. A party requesting more or less time should be prepared to justify the request.<sup>2</sup>

---

<sup>2</sup> In view of the co-pending litigation in this case, and the representation that much of the discovery has already been done, it may make sense to curtail this period sharply.
